SUMMARY

Creative Senior Front-end Developer with 5+ years of experience leveraging JavaScript to build responsive business applications used by the Fortune 500, B2C and mobile apps used by tens of thousands of people, and interactive features that drive business growth. I collaborate directly with US product managers and UX leaders, while working into US hours as a full team member.

EXPERIENCE

NXTBOARD, (Remote) — *Frontend Developer* (current ')

- Design and developed a new policy module using Vuejs.
- Built new routings with vue router removing existing old school navigation.
- Made the views responsive for new modules and fixed existing views.

Towny, (Remote) — *Frontend Developer* (Jan 18' - Feb 19')

- Develop new UI functionality for user-facing applications running on touchscreen devices, using Reactjs.
- Built webapp version of existing native app.
- Built admin and business portal using Angularjs material framework.

Statup, (Remote) — *Senior Frontend Developer* (DEC '16 - Nov '17)

- Designed and developed soccer skill tracking web app using Angularjs, maintaining cross platform compatibility.
- Created professional style guide for the platform to reuse common elements and Help the new developers.
- Complete web app maintaining proper breakpoints for different devices. Used CSS Preprocessor to create stylesheet.
- Angular UI bootstrap alongside Angular chartjs, Gruntjs, Bower and Yeoman generator was used to create the platform.

ZS Solutions — *Frontend Developer & Designer* (Oct 14' - Nov '16)

- Designed and developed front-end for 5+ marketing websites, using jQuery, AJAX, and Handlebars.js.
- Worked with agile team to migrate legacy company website to AngularJS, SASS, and HTML5.
- Designed and developed GUI for applications and modules, using JavaScript.
- Created front-end prototype for a medical web portal that was approved for implementation.

9LENSES (Remote) — *Frontend Developer* (Mar 13' - Oct '14)

- Introduced Angularjs to the team and started.
- Created Custom grid system to make the app responsive, support for IE7 level browser compatibility.
- Introduced Bootstrap to the team and replaced existing structure to make the web app responsive supporting all the major browsers.

SKILLS

- JavaScript (Vuejs, Reactjs, AngularJS Bootstrap, jQuery), HTML/CSS, Git
- Expert in responsive, mobile-first development
- Adobe Creative Suite (Photoshop, Illustrator)
